and said that he likes to hire locally, helping out the economy of the valley.

PARK CITY-T & K Steel and Construction, of Heber City, has been awarded a 5.5 million dollar construction contract on the 27 condo unit of the Pinnacle 3rd Phase in Deer Valley.

The construction will begin this summer on the condominium project located to the southwest of the 2nd phase. The contract was awarded by the Jorman Group of Park City, and includes the landscaping and design work of the project.

The 27 units will each have approximately 3000 square feet of living space, and will consist of 3 and 4 bedroom units. They also include jacuzzi, hot tub, and added extras.

T & K Steel will be doing all the work at the project, and has opened a separate office in the Park City area to handle the added project growth for the company.

This project alone will be giving the T & K Steel Company an added 100 to 150 employees, many of them coming from the Heber Valley area.
